Targets can also be searched for and retrieved by properties

# Repository

Logic for allowing a policy to be saved is included

For example, a policy's end date can't be before its start date

Content Admin

## Details

- Either a policy already exists in this time frame with the same target and type or the end date is before the start date.
- Look at the Policies page and determine a time that fits.

# Policies : Content Admin

User interface allows policies to be edited and saved

Create a policy

User interface also allows policies to be created

It uses the code from the repository for functionality

The screenshot shows the 'Content Admin' interface. At the top is a dark header with 'Content Admin'. Below it is a 'Policies' section. On the left, there is a list of categories: B2B, Blue Bunny, Blue Ribbon Classics, Careers, Chilly Cow, Foodservice, Sorbates, Vending, Wells Enterprises, and New... A red arrow points from the 'Create a policy' text to the 'New Policy' link. On the right, there are two tables. The first table is for 'Privacy' and the second is for 'Terms Of Use'. Both tables have columns for 'Start Date' and 'End Date'. A red arrow points from the 'Edit a policy' text to the 'Current Policy' link in the 'Terms Of Use' table.
